

Repair Exchange Ground Rules:

1. Fixers are volunteers and not professionals. They are here to help YOU learn to fix your item, not to fix it for you. Please stay with your item and learn new skills.
2. There is no guarantee that your item can be fixed. Fixers do not have to reassemble your item.
3. Items cannot be left here.
4. This is a safe and inclusive event, be kind and respectful to all. Meet someone new, learn, and HAVE FUN!
5. Participation in this Repair Exchange or Repair Café is at your own risk. You are responsible for yourself and your items while you are here.
6. If you need to purchase parts to fix your item, you must pay for those parts.
7. You are joining a global movement of Fixers, donate to support this work and get involved at future events!
8. We may be taking pictures at this event. Your participation today means you agree to your picture being taken and for it to be used by the Arusha Centre and this community organization.
9. You can exchange something with your Fixer (examples include money, a gift, helping the Fixer, a high five, or fixing something for them in return).
